

## VICTEN VS TOPTENN CHALLENGE 2007

The 9<sup>th</sup> challenge between the TopTenn and Victen Tennis Academies was the best and closest challenge so far. TopTenn eventually won the day by 67 sets to 58 – with several close sets on the last round deciding the final result. The win for TopTenn was their 4<sup>th</sup>, while Victen has 5. This creates an exciting 10<sup>th</sup> anniversary next year in which TopTenn will be striving to level the series, and Victen wants to maintain their advantage.

On the day Kipp Davenport and Archie Trotter were Victen's best performed players – winning 5 matches out of 5 each. These great performances were complimented by a team effort which meant the result wasn't decided until the last minute of the challenge.

The Victen team and coaches will be putting in extra effort to secure the challenge next year. After winning two consecutive challenges we may have been overconfident this year. We will be planning extra training sessions and recruiting the best players for next years event to ensure we reclaim the Challenge Cup.
