

VICTEN 2010 CLUB CHAMPS

Thanks to all VICTEN players who made the 2010 Club Champs such a success. Despite the windy conditions the level of tennis was outstanding and a great demonstration of the development of all players during the year.

A full list of results is available at the bottom of this report, however two players deserve special mention. Victor S and Max S won both their singles and doubles events in great displays of skill and endurance.

A special mention also to Jamie M who was the Masters Series winner for 2010. Jamie's consistency over several big events in Term 4 including the Melbourne Cup Masters, Club Champs and TopTenn Challenge meant he won a Head YouTek Speed racquet, a great effort in a field of many worthy competitors.

Perhaps the match of the tournament was the Boys Prestige singles final between James G and Calum B. It was the last match to finish after 8pm and was played at the highest quality all the way through. At 8 – 7 in the deciding tie breaker Calum received a lucky let cord which just tipped over to claim victory. Both players had given their all and both deserved to win – well done.

An equally tight match was played in the Girls Prestige final between Claudia T and Caroline K [pictured right] Claudia eventually prevailed 8 – 6.

More top tennis in the Radical Singles where Henry was able to narrowly defeat his great rival Angus. Alex R was another who had a very successful day reaching the finals in both singles and doubles.
